

Anne-Marie Russel

London / UK

Current position

Anne-Marie Russell is a clinical researcher at the National Heart and Lung Institute, Imperial College London. She has worked at the Royal Brompton hospital (RBH) from 2010-2018 as a clinical academic in Interstitial Lung Diseases. She holds an honorary contracts at RBH as a research fellow and at Imperial College Healthcare Trust (ICHCT) as nurse consultant in ILD. Her strengths in providing mentorship are to support academic and research development.

Anne-Marie is currently writing up her doctoral thesis on to the development of a patient-reported outcome measure for patients with idiopathic pulmonary fibrosis (IPF-PRoM). This is currently undergoing international and electronic validation. Anne-Marie's research utilises patient centred and mixed method approaches. She is interested in health outcomes and patient / caregiver experiences in ILD. She is also developing a Patient Reported Experience Measure (PREM) with colleagues at ICHCT. Other work has included the evaluation of singing interventions for breath management in idiopathic interstitial pneumonias.

Clinical

Anne-Marie completed her MSc with distinction in Advanced Practice and research methods in 2004 and is an assessor for the Royal College of Nursing accreditation of Advanced level Practice. She continues to work in general practice as an ANP and has over fifteen years' experiences in non-medical prescribing. Anne-Marie also support clinical innovations in service delivery at ICHCT.

Teaching

Anne-Marie attained her PGCE with distinction in 2005 and held university positions as a senior lecturer / lecturer teaching interdisciplinary Advanced Practice, non-medical prescribing and research methodologies and continues to teach on respiratory modules at London Southbank University. She has delivered international workshops in interdisciplinary and patient teaching in palliative care.

Professional Service

Anne-Marie is the chair of the ILD Interdisciplinary network/UK; secretary to the European Respiratory Society nursing group in Assembly 9 and scientific committee member of the European Idiopathic Pulmonary Fibrosis & Related Disorders Federation.

Anne-Marie has been a member of the ATS since 2011 and has served on the program committee of the nursing Assembly since 2015. She has been appointed program chair elect and will take up this position in May 2018. She has also served on the ATS Members in Transition & Training Committee (MITT) 2016-17 and on the ATS Awards Committee in 2016-2017. Anne Marie has delivered numerous talks at international meetings and supports patient information events facilitated by the IPF Charities in UK and Eire.

Anne Marie Chairs the Pan London and southeast regional nursing and interdisciplinary group which meets biannually. She is the author/co-author of numerous peer-reviewed publications on ILD which can be found at: https://www.researchgate.net/profile/Anne-Marie_Russell
